Pointing to a photograph, a person tells his friend, "She is the granddaughter of the elder brother of my father." How is the girl in the photograph related to this man?

1. Niece

2. Sister

3. Aunt

4. Sister-in-law

Analysis of the Statement:

1. **Father's elder brother:** The elder brother of the person's father is the person's **Paternal Uncle**.
2. **Granddaughter of the elder brother:** This refers to the granddaughter of the **Paternal Uncle**. A person's uncle's granddaughter is the daughter of that person's **Cousin** (the uncle's son or daughter).
3. **Identifying the Relation:** In standard kinship terminology used in logical reasoning, the daughter of one's sibling or one's **Cousin** is referred to as a **Niece**.

Relationship Path:

Person → Father → Father's Brother (**Uncle**) → Uncle's Child (**Cousin**) → Cousin's Daughter (**Niece**).
